House Description

What curb appeal! A true show stopper, the Eden Grande builds upon our very successful Eden model but takes it a step further. Extending the floor plan to include a large family room and a large covered lanai. The Eden Grande will accommodate any entertaining you wish to host. An optional summer kitchen can be added as well. A third garage bay has been added to the original design and the master bath has been upgraded to include a compartmented configuration with a separate door-less walk-in shower and large soaking tub.
